The Heart Does the Third Thing

Dr. Agnew's Cure for the Heart will do two things. It will, first of all, relieve in 30 minutes, and cure every disease of the heart, and give this organ great strength; and, secondly, it will enrich the blood. At this point, where its powers end, the heart steps in and, owing to its new strength, pumps an increased supply of this rich, red blood to the nerves, and thus feeds them, which is the third thing necessary in curing, by this new process, heart disease, nervous ess, or stomach troubles.
